Lara will be joining the team here to bring a wealth of knowledge and expertise to the Dressage fans amongst us and those wanting to improve their flat work for jumping.

Lara 7 years ago was left disabled from a riding accident. Told she would never ride again and although she couldn't for almost two years, in the last 5 years she has gone from prelim to winning at Advanced (and wearing her top hat and tails), her dream.

She has competed for Great Britain 3 times and has recently competed at the British Dressage Winter Champs at Adv/med.

Lara has just qualified for Hickstead and selection final for World Championships.

Lara has used her experience and knowledge from her own training, and a classical way to teach and produce harmony and happiness with her clients and horses. These vary from beginners to 3 star eventers, to Icelandic's, and native to ex racehorse to warmbloods. Lara specializes in nervous partnerships.

**Lara is supported by the Lincolnshire Elite Athlete Programme for 2012
Is sponsored by nutrecare animal products,
Was nominated for an Inspiration award in Your Horse.
Has also featured in Horse magazine, Horse Deals, and British Dressage website for membership and Horse & Hound magazine.**
